

PALPSHT CO.

PALPSHT COMPANY

FOR CONSTRUCTIONS AND GENERAL CONTRACTING

PALPSHT COMPANY

Palpsht Company is a 100% Iraqi Kurdish Company and registered at **MNR and AVL**, and has served the Oil & Gas Field Construction needs of clients throughout **Kurdistan Region of Iraq** since its establishment.

Palpsht Company's management has extensive experience in serving these industries on a Design and Build, **Engineering, Procurement, Construction, and Commissioning (EPCC)** basis.

Palpsht Company is focusing on providing high value-added services to meet the mechanical, electrical, instrumentation, automation and civil needs of the process construction industries.

Our Company carries out regular monitoring of all its Systems and Operating Procedures to ensure that all works undertaken or materials supplied through its approved major suppliers are carried out in full compliance with the very latest legislation and Oil & Gas recommendations.

In line with this Total Quality Commitment the company has in-house Quality Assurance Systems in compliance with **ISO 9001-2015** to monitor and control all aspects of our works.

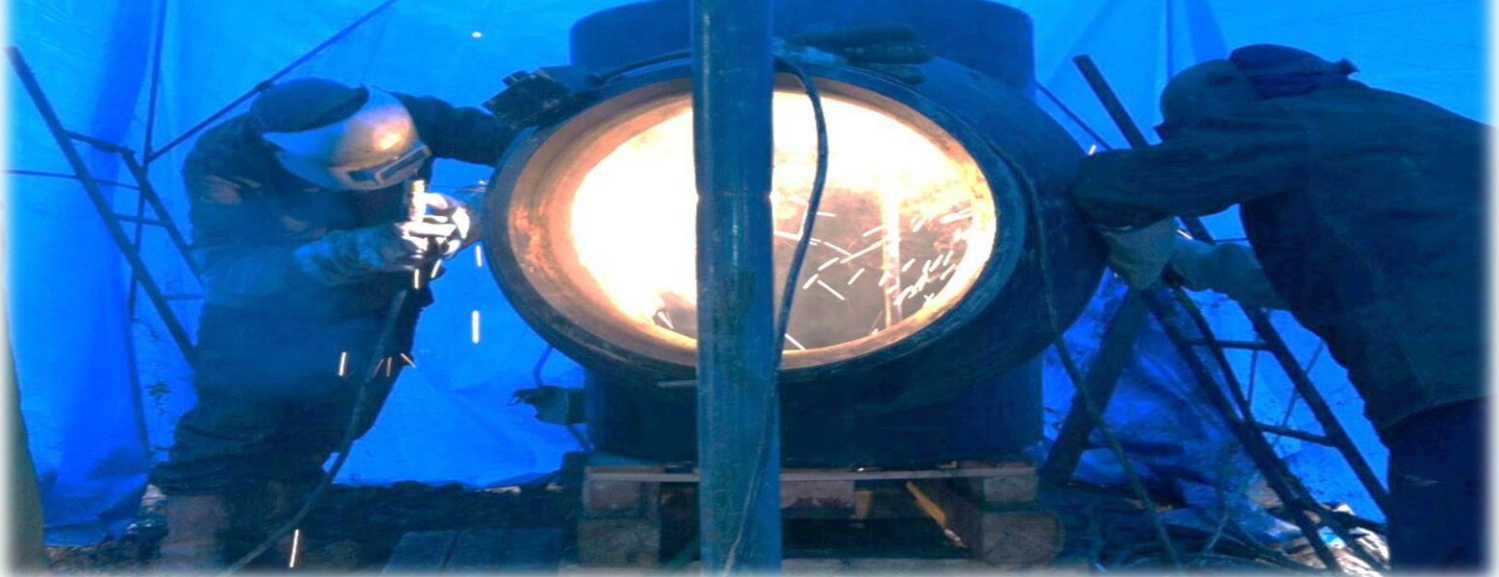

Due to the nature of the work undertaken, the company has very high standards and guidelines of Safety Management and HSE Systems in compliance with **ISO 14001-2015**.

Palpsht co. certified with new Occupational Health & Safety Management System **ISO 45001-2018**.

Specializing in Pipelines transporting Crude Oil and Gas, our Pipeline system consists of underground pipe and above ground storage tanks and pump stations.

Palpsht Company offers its clients a comprehensive service in the field of Civil and Mechanical

Industrial Construction. Our main goal is to help our clients succeed with particular attention to

Our Services and Activities

Our Activities include but not limited to the following:

Pipeline Construction:

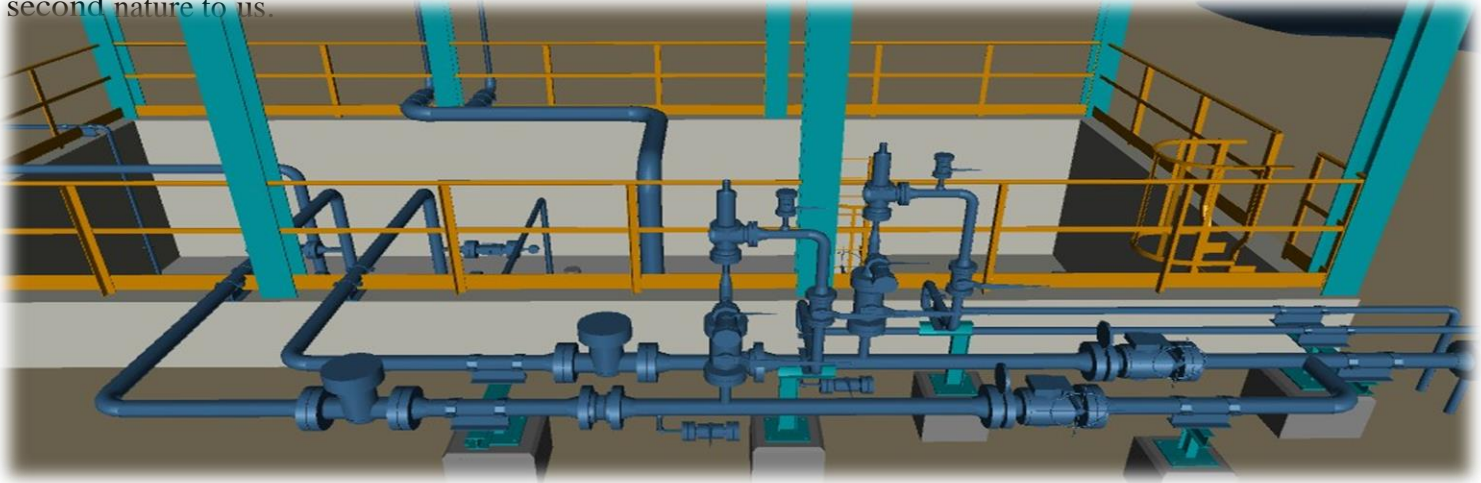

The construction of a pipeline is divided into three phases: pre-construction, construction and post-construction – it's a highly-coordinated, well-planned operation by a large team of experienced professionals.

Work Includes:

- Working according to standards API 1104, 1102, 1110 & ASME 31.4.
- Site Survey works and marking.
- Right of Way, Clearing and Grading.
- Piping transportation and stringing.
- Pipeline Joints Welding Activities (Manual or Automatic).
- PWHT if any and Hardness Testing.
- Joint Coating and Repairs of Coating or any Damage Caused to Line Pipes During Installation.
- Trenching (Excavation of pipeline ditch and backfilling with clean soil).
- Main, secondary & earth roads, railways, river crossings acc. to (API-1102).
- Reinforced concrete of pipelines weighting and slabs.
- Pipeline lowering & backfilling.
- Tie-in welding.
- Pig Launching and receiving installation.
- Valve station installation (Piping, Valves, and Supports).
- Well head connections.
- Hydrostatic Testing (Cleaning, Gauging, Filling, Pressurizing, Data Recording, Dewatering) and Holiday Testing.
- Drying, Treatment with Glycol.
- Temporary Cathode protection system installation (galvanic).
- Permanent Cathode protection system installation (impressed current or sacrificial anodes) and insulation joints installation.
- Pre-commissioning and provide assistance during Commissioning.
- As part of the Commissioning Team.
- As-Built Drawing.

Piping and Tanks Construction:

PALPSHT has been working with clients just like you for over 5 years. We started our business constructing jacketed pipe and since then have expanded our company to provide heat-ing solutions to a wide range of applications. Completing complex and custom engineered projects makes process piping second nature to us.

Work Includes:

- Working according to standards ASME 31.1, ASME 31.3 & API 650.
- Storage Tank Construction (
 1. Fabrication of tank (fit-up of all plates).
 2. Welding (Bottom Plate, Annular Plate, shall plate welding, roof plate & steel structure).
 3. Painting (Inside & outside the tank).
 4. Hydro test.
 5. Manholes + piping attachments with tank.
 6. Cathode Protections.
- Piping transportation.
- Pipe Joints Welding Activities (Manual or Automatic).
- PWHT if any and Hardness Testing.
- Joint Coating and Repairs of Coating or any Damage Caused to Pipes During Installation.
- Sand blasting & Painting
- Holiday Testing.
- Trenching (Excavation of piping ditch and backfilling with clean soil).
- Piping lowering & backfilling.
- Valve station installation (Piping, Valves, and Supports).
- Well head connections.
- Pneumatic or Hydrostatic Testing (Cleaning, Gauging, Filling, Pressurizing, Data Recording, Dewatering).
- Temporary Cathode protection system installation (galvanic).
- Permanent Cathode protection system installation (impressed current or sacrificial anodes) and insulation joints installation.
- Pre-commissioning and provide assistance during Commissioning.
- As part of the Commissioning Team.
- As-Built Drawing.

We Have Technical Staff Able To:

A - Fabrication of:

- Pipeline, Flow Line, Trunk Lines.
- Piping Networks.
- Steel Structure.
- Storage Tanks.

B - Qualified Welders in:

- SMAW Shielded Metal Arc Welding.
- GTAW Gas Tungsten Arc Welding (TIG).
- GMAW Gas Metal Arc Welding (MIG).
- FCAW Flux Core Arc Welding.

C - Installation and Maintenance Staff for Mechanical Equipment:

- Rotary Machines such as (Gas Turbine, Pumps, Blowers, Fans and Compressors).
- Pressure Vessels, Heat Exchangers, Boilers, Tanks, Drums, Towers, Stacks, etc.).
- We have a Mechanical Workshop with suitable Equipment, Machines and attachments such as: Cranes, Generators, Side Booms, Caravans, Containers, and Scaffolds.
- Welding, Cutting, Forming, Grinding, Beveling & Bending Machine Equipped with full tools and accessories.
- Special equipment required for project construction such as level, industrial total station, RTK station ,DGPS, pin brazing , clamps, pulling tools, welding accessories, cable joint accessories, earthing tools, sand blasting machine ,(bending, cutting ,forming tools) required for thermal insulation.....etc.
- Test Rigs, Alignment & Instrument Calibration Equipment.

Civil Construction:

- Construction of the Platforms.
- Construction of Steel Structures.
- Water Treatment Infrastructure: Collectors, Sewage Systems, Waste-Water Purification Plants and Plants for the Production of Drinking-Water.
- Right of Way, Clearing and Grading.
- Trenching (Excavation of pipeline ditch and backfilling with clean soil).
- Main, secondary & earth roads, railways, river crossings acc. to (API-1102).
- Reinforced concrete of pipelines weighting and slabs.
- Construction for Roads, Right of Way, Road Access.
- Construction Underground Sewage System (Pipe, Box).
- Construction Tanks (Concrete, Steel).
- Construction Buildings for all purposes.
- Construction & Drilling Works for Wells.
- Construction and Dismantling of all types of structures.
- Concrete Barrage Construction.
- Formwork.
- Steel Works.
- Equipment Rental.
- As-Built Drawing.

Changing shell plates (inserting)

Retubing of exchangers

Tube To Tube Sheet Welding

Pitting on impeller (water pump, bronze material)

Pitting on impeller (Repaired by Welding)

Great Zab River cross with tow pipelines

Great Zab River cross open-cut method (Earth work)

HDD method of cross export lines 36", 24" & 20" with OP HKL

Ministry of Natural Resources

Oilfield Service Company Registration & AVL Listing System

Registration Licence

The Ministry of Natural Resources ("MNR") of the Kurdistan Regional Government ("Licensor") hereby issues an Oilfield Service Company ("OSC") Registration Licence ("Licence") to:

Palpsht Company ("Licensee")

The Licensee has satisfied the MNR OSC Registration & AVL Listing System General Registration Standard (as prescribed in Ministerial Instruction No.1 of 2016 ("Ministerial Instructions")).

By issuing this Licence, the Licensor permits the Licensee to provide certain services to the MNR, Petroleum Companies, Refinery Operators, Pipeline Operators, Oil Trading & Transportation Companies and other OSCs in the Kurdistan Region of Iraq, as defined by those Approved Vendor Lists ("AVLs") that the Licensee is listed on, and in accordance with the terms and conditions the Licensee has agreed to.

Date of Issuance: 16-February-2024

Date of Expiry: 15-February-2025

Registration No. 100479

Signature of MNR Authorised Person

Notes:

1. This Licence confirms that the Licensee is registered with the MNR as an OSC for the period of validity of the Licence, subject to the Licensee's compliance with the General Registration Standard and all other applicable requirements imposed under MNR regulations, and national and regional laws.
2. The Licensee is nevertheless only approved to provide those services as listed by the MNR in the OSC Registration & AVL Listing System.
3. At any time, the MNR may revoke a Licence if:
 - a. the MNR is no longer satisfied that the Licensee meets the Registration Standard; or
 - b. the Licensee is found to be non-compliant with any other requirements imposed by the MNR, such as requests for information; or
 - c. the Licensee is found to have breached applicable requirements imposed under MNR regulations, and national and regional laws,in accordance with the Ministerial Instructions.
4. The Registration validity expires on the date shown on the Licence unless a renewal application is submitted (and renewal fees paid) by the expiry date. The Licence will then be deemed to be effective until the new Licence is formally approved by the MNR.

Subject/Confirmation letter

In reference to your letter No. 94-L.B. dated 16th of October 2017, this letter is to confirm that your esteemed company, in coordination with your subcontractor Palpsht Co, has undertaken the implementation of the complementary construction works of the Waste Water Treatment Plant /KAR 3 Refinery in accordance with the subcontract agreement between MAKMAN for Oil and Gas Engineering Limited and your company.

In this respect, we would like to note that level of implementation of the works was good and acceptable and in accordance with the agreement's requirements and was done in coordination and under the direct supervision of our resident engineer's office and in general within the implementation period stated in the agreement.

With our respects.

Hilal Hussain Fawzi
